SUPPLEMENTAL INFORMATION
This amendment is issued to incorporate the following revisions to Request for Quotation (RFQ) W31P4Q-04-T-0563:

- Revise page 17, RFQ Continuation Sheet, to reference Attachment 4 for labor categories and rates. See page 3 of 3 of this amendment.
- Delete paragraph 45 in its entirety and replace with the following:

(45) AWARD TERM CLAUSE

The award term concept is an incentive that permits extension of the contractual performance period beyond the base period for superior performance. The BPA team may earn extensions to the BPA performance period on the basis of performance during the previous evaluation periods. During each year of performance, the quality of performance by each BPA team will be assessed to determine if it is in the best interest of the government to continue with the BPA relationship. Additional 1 year BPA performance periods may be awarded during each year based on how the contractor has performed against the following criteria:

- Task Order Performance
- Actual performance versus proposed goals for:
 - Direct awards to small business team members and
 - Small business subcontracting
- Responsiveness
- Competitiveness

(1) Task order performance is the most important criteria and is substantially more important than (2)Actual performance versus proposed goals for: (i) Direct awards to small business team members and (ii) Small business subcontracting, (3) Responsiveness and (4) Competitiveness, which are approximately equal in importance.

Changes to the award term criteria may be made unilaterally by the government prior to the beginning of each award term evaluation period, provided that the BPA team has been given an advance notification of at least 15 days.

Each BPA holder will provide a self evaluation of its performance in relation to the performance criteria in accordance with Exhibit A, Contract Data Requirements List, A054, entitled Performance Review Report.

Performance will also be monitored by government monitors. The self evaluation and the findings of the government monitors will be reported to the ATDO (Award Term Determining Official). The ATDO will make the final decision on the award term and the BPA period of performance will be modified to reflect any extensions awarded. The award term decision is final and is not subject to the Disputes clause.

- Delete Instructions, Conditions, and Notices (2)(1) Volume 3, Pricing Structure - Tab A in its entirety and replace with the following:

- Volume 3, Pricing Structure.

Tab A: Utilizing the format in Attachment 4, provide all applicable labor categories, descriptions, and rates for the Prime Contractor/Team Leader and all Team Members. For all labor categories included in each schedule identified on Attachment 9, enter the GSA FSS rate for the Prime Contractor/Team Leader and all Team Members and, if discounting at the BPA level, the proposed BPA rate. When completing the rate for year 1, use the rate in effect as of December 2004. For subsequent years, identify the rate and begin/end date for the covered year consistent with the GSA FSS schedule. Include all GSA schedule rates (government site/contractor-site, if available) for the Huntsville, Alabama area and any other rates that are deemed applicable to the proposed approach to EXPRESS. Additional columns may be added as necessary to allow for differing site or subsequent year rates. If available, provide rates through December 2010. A separate worksheet must be completed for the prime contractor/team leader and each team member. Additional worksheets may be added to reflect individual schedules and/or differing site rates. For all subcontractors available on the BPA Team, enter a subcontractor listing on a separate worksheet.

- Include a signed copy of this amendment in Volume 1.

- The RFQ response due date remains unchanged as a result of this amendment.
